Hyderabad, Telangana

## Summary

As a highly motivated and passionate computer science student seeking an internship, I am excited to apply my skills and knowledge to a real-world setting. With a strong foundation in programming languages such as Java, Python, and C++, as well as web development, I am well-equipped to tackle a variety of coding challenges. I have also gained experience in software development and project management through various coursework and personal projects. I am eager to learn and grow in a collaborative team environment while contributing to the success of the organization.
